# MUSADDEK AHMED

FRONTEND DEVELOPER

/ ALL ABOUT ME

I am a self-taught front-end developer with a strong eye for innovative design and a keen understanding of techniques geared toward optimum user experience. I bring a proven track record of success in creating high-quality, responsive websites and web applications. In addition to my technical skills, I possess excellent communication, leadership, and problem-solving skills.

/ PROJECT

Lookme - Social media web application allowing users to upload, delete, and download images, featuring categorized images and search filters for a seamless user experience. Built with React.js, TailwindCSS, and Sanity CMS, integrated OAuth authentication for Google login.
